

GUNTERT & ZIMMERMAN

EAGLE 4500/5500

WHEEL TRENCHERS

Guntert & Zimmerman is committed to producing the highest production, lowest maintenance trenchers available. Combining years of construction and manufacturing experience with the latest technology, Eagle Trenchers are the most cost effective way to increase the profitability of your job. The Eagle 4500 and 5500 Trenchers are an excellent choice for a wide variety of applications such as foundations, utilities, irrigation and fiber optic installations. Powered by a 105 HP (80 KW) John Deere

engine and weighing in excess of 22,000 lbs. (10000 kg) the 4500/5500 Eagle Trencher is rugged enough for your toughest jobs. While the trencher digging wheel is mechanically driven for the maximum transfer of horsepower, all other machine functions are hydraulic. All controls are well marked and positioned for ease of operation.
